Hey Everyone,

Since our last meeting we've had a board meeting and the board members, as well as myself, are concerned on the costs to the village with the Main St. project.

Would it be possible to have a group meeting at 6:00 on March 7th to discuss the cost of the Main St. project?

Initially when it was looked into in 2014 it made sense to pursue a complete remake of Main St. After finding out that the cost to just resurface Main St. was around $200k it made more sense to get the additional funding and have the sidewalks and curb and gutter put in for another $50k.

Now instead of the village looking at $250k we are possibly looking at $450k+.

As I'm sure you all know we are a small village with approximately 200 households and are capped as to what we can borrow. We currently do have other debt out there thanks to the DNR forcing us to put in a 3rd well 10 years ago and our lagoons may have to be redone in the next 5-10 years as well.

If you could please check your calendars and let me know if this date works it would be greatly appreciated. We could look at the 28th as well if that works for more of you to attend.
