---

Brian,

Attached are the Trans 75 sheets for the CTH G project in Fond du Lac County. I think everything looks good, but I wasn't sure if we needed a resolution to show that the locals are in agreement with the bike and ped facilities. I realize that the resolution would be needed for state funded projects, but never got any official notification that federally funded projects would need it as well.

Please look this over and approve if acceptable. If a resolution is needed, please let me know.
