Please see the attached sections and layout sheet with the sections labeled against the flag of curb alignment. It appears that ATT WI here will need to be lowered during construction.

A portion of that work is compensable. I have included a Conveyance of Rights document for signature as it would appear that the facility would be lowered during construction. If it will instead be completed relocated off right-of-way then I will send a Quit Claim Deed.

Thanks.
-Heath

Scott,
I sent the attached email to Heath on 7-31-17, so not sure if I missed a revision or what?

Please advise.

Thanks,

Good Morning,

This is a reminder that the work plan (DT2236) for the subject project is due to be returned to WisDOT by 8/1/2017. Please return your work plan as soon as possible.

Thank you very much.
Scott
