**Date:** Friday, May 20, 2016 8:22:03 AM

---

Has Fond du Lac county reviewed the encroachment report and if so and they in agreement with the recommendations?

Also, is the sidewalk going back in the existing locations, and therefore no conflicts?

If so, I have no additional comments and would accept the report.

Brian,

Attached is the encroachment report for the CTH G project in Fond du Lac County. Although this is typically part of the DSR process, I thought I would send it over to you to review before the DSR submittal so we can identify anything that may be an issue now and address it before the DSR.

I think the recommended action for all of the encroachments are reasonable and would recommend concurrence.

Let me know if you have any questions.
