---

Good morning,

SHPO has made a cursory review of the subject project's Section 106 submittal and has further questions on the Catholic Church within the APE, see below. Please work with your historian and let us know if a DOE will be completed.

We have reviewed the materials for the above project and have questions regarding the St. Cloud Catholic Church. Is this the only Catholic Church from this era in St. Cloud? How's the interior integrity? St. Cloud looks pretty small and this is a very large, prominent structure with good integrity. Please consider doing a DOE for this property to more fully explore it's significance within the community of St. Cloud. Also, it doesn't look like the rectory building appears in the survey at all. Why wasn't it surveyed?

Thank you,

Kimberly Cook
