Peggy,

I would like to discuss the description of how you met the TSS requirement for this project but I thought I would give you a chance to read it again before I call. Take a look at it and call me when you are available. I believe some changes are necessary.

Thanks,

Tom Kobus

Updated drainage report for your review. JT did a review as well and is looking for region approval. Is this approval from you or the PM's?

Brian,

The updated Drainage Report is attached and they have addressed my comments. Please review, and if acceptable, route to Tom Kobus for approval (as we previously discussed).

Let me know if you have any questions.
