Attachments: AT&T WI Work Sketch - Eau Claire County STH 37 id7110-05-72.pdf

Heath,
I've attached what would be a "work sketch" for the work AT&T WI will need to perform in order to make ready for the above titled project. In a quick overview, we're basically performing maintenance on existing facilities by exposing and lower or moving the facilities for proper depth. All of this work is within the R/W of STH 37 and within the safe zone + accessible from City of EC R/W, so do I need to submit a permit to WisDOT for this work?

Thanks,

Rick Podolak
