RE: NOTIFICATION OF INSPECTION DUE

BOILER 3 YEAR (HEAT)

Our records indicate that the object(s) listed below by Wisconsin Registration Tag number, will be due for inspection by a certified inspector before the expiration dates shown. The following Wisconsin Administrative codes apply:

SPS 341.24 Permit to operate. (1) Responsibility. (a) The owner or user of the boiler or pressure vessel shall be responsible for obtaining and maintaining a valid permit to operate. (b) The permit to operate shall be posted on the premises by the owner or user of the boiler or pressure vessel.

Per our records, the inspection agency of record is:

Damarc S, Boiler Safety Inspector
(866) 361-4321

If you have not done so already, contact the inspection agency of record indicated above. If the above inspection agency of record is incorrect, please notify the department via fax or mail listed in the above left hand corner. Provide corrected service agent or certified inspector information. Otherwise, the agency of record will be conducting the inspection.

Inspections may be subject to an audit by the Department of Safety and Professional Services staff to assure consistent enforcement of SPS 340, 341, 343, and 345. Any fees incurred may be charged back to the inspection agency where violations of the above administrative code rules are found. Thanks for your cooperation and thinking safety.

Additional information about these objects can be found at
