- Work Zone Crashes: DOTWorkZoneCrashes@Wisconsin.gov

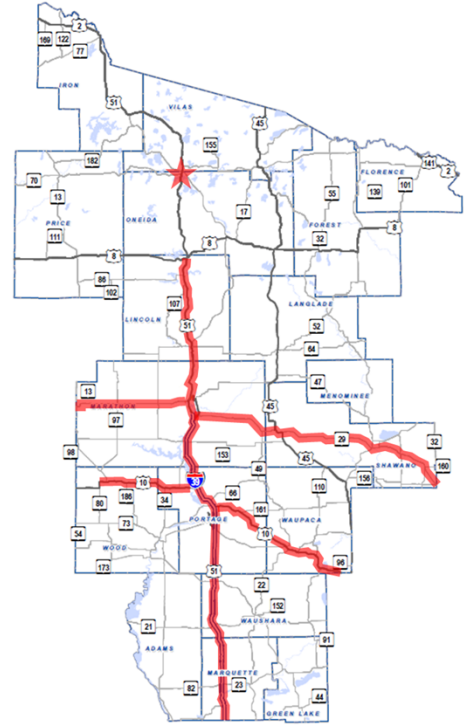

LANE CLOSURE SYSTEM NOTES, FEBRUARY 2020

Lane Closure System (WisLCS): transportal.cee.wisc.edu/closures

LCS Advanced Notification

(as of 4/15/16)

Closure affecting OSOW < 16' available width < 15' effective width	MINIMUM Notification
Lane and shoulder closures	7 days
Full roadway closures	7 days
Ramp closures	7 days
Detours	7 days
Closures not affecting OSOW	
Lane and shoulder closures	3 business days
Modifications to any LCS entry	3 business days

• Closure Approvals

- Construction Project Leaders accept non-priority route closures
- Priority Route Closures (Priority Routes in red on the map):
 - Send email to Cara.Abts@dot.wi.gov (NCR Regional Traffic Engineer)
 - (Backup: Jim.Volkmann@dot.wi.gov)
 - Email subject line: Project ID, LCS ID Number(s)
(ex.: 1555-55-55, LCS 65300-2)
 - Include in email:
 - Project stage/phase
 - Any other info needed to give RTE clear understanding of closure

• Closure Modifications

- If accepted, search for it in the MODIFY tab
- If not accepted, search for it in the ACCEPT tab
- Send approver an email to indicate the reason for the modification

• Closure Completion

- Select "Complete All" on all finished closures. This must be done on closures lasting longer than 2 weeks.
