Hello

There has been a little revamping with the Region's SPV library. Here is what is new:

- Folder Structure
  - The individual word documents are posted in one folder.
  - All other folders have been removed.
- Table of contents
  - Is the file named: ner-toc.
  - Will have the SPV names and SPV codes associated with them.
- New SPV codes
  - The SPV codes will now be ner-XXX-XXX.
  - The middle 3 digits represent the section of the Standard Spec Book that the SPV pertains to.
  - The last 3 digits make the code unique to the SPV.
- File names
  - Will be the SPV codes; not the SPV names.
- SPVs have been removed/archived
  - Due to STSP or Standard Spec creation that now covers the topic.
  - If a SPV was not used in the past 10-20 years.
- New format for the SPVs
  - Font, style, spacing and meta data imbedded in the Regional SPV library SPVs.
- SPV Status Log.xlsm
  - Lists SPVs that were removed
  - Lists SPVs that I need to do further investigation to ensure they are the most up to date. If you have a question on this please contact me.

Future plans include removing all files except the ner-toc and SPV Status Log. The ner-toc will be automated and will have a link to download the SPVs.

The SPV libraries are found:

- Consultant/External: ftp site => NE Region/NE Region Standards/NE Region Standard SPVs
- WisDOT: N:\region\Resources\Resource Library\Design\Plan Preparation and PSE\Spv\NE Region SPV Library

If you know someone who is interested in joining the Northeast Region Design listserv, a link to sign up can be found on the DTSD Region Offices page of the internet, below the Northeast Region information
