

UTILITY WORKSHEET

DT2236 07/2016 s.84.063 Wis. Stats.

APPROVED

Wisconsin Department of Transportation

Utility Company Name We Energies Gas	PLEASE RETURN THIS WORKSHEET BY
Project Description – Include Project ID, Title, Subtitle, Highway, County Project: I.D. 4685-33-00 Construction Project ID: 4685-33-71 MENASHA - APPLETON VARIOUS HWY County: VAR HWY, Calumet County	RETURN TO Division of Transportation System Development Northeast Region 944 Vanderperren Way Green Bay WI 54304 Attention: Becky Reese Becky.Reese@dot.wi.gov (920) 492-3504

1. Describe your proposed relocation plan for the above project, as requested in the enclosed letter, using highway stationing whenever possible. Attach extra sheets if needed.

We Energies – Gas relocation plan listed below is based on project plans date 11-22-2021. Reviewed under WR 4726604.

We Energies has no relocations and/or adjustments for this project
Any facilities not explicitly identified as being relocated and/or adjusted have been deemed to be not in conflict and will remain in place as is. We Energies has determined that the project is constructible with these facilities left within the work-zone.

Contact 1-800-261-5325 for gas emergencies, to identify if gas facilities are live, and gas valve box adjustments.

2. Conflicting utility facilities will need to be relocated prior to construction. If this is not feasible, provide an explanation and an indication of what work will require coordination with the highway contractor during construction.

N/A

3.	Anticipated Start Date N/A no work is required ***Due to a supply chain shortage that is currently impacting the industry, We Energies start date may have to be adjusted pending material availability. We are monitoring our inventory, working with our suppliers & addressing concerns. We will continue to update on the status of this job if we run into any delays due to material shortages. ***
4.	Estimated construction time required (In working days) N/A

5. List the approvals required and the expected time schedule to obtain those approvals.

N/A

6. Include a list of the real estate parcels that the Wisconsin Department of Transportation (DOT) must have acquired to enable your company to complete the necessary facility installations and relocations prior to construction.

N/A

7. Review the enclosed plans for the above project. Are your facilities correct as shown? If not, list the errors. In some cases, it may be easier to return a marked up copy of the plan. **It is very important that your facilities are shown correctly because all construction field personnel will use this information. Uncorrected location errors could create construction delays or damage to utility facilities.**

We Energies – Gas facilities appear to be shown correctly.

8. Is this work dependent on work by other utilities? If so, which other utilities, and what time schedule has been coordinated with them?

N/A

9. Please provide the name, address, and telephone number of the field contact person for this project, so that we may place this information on the highway plan.

Name Joseph Salm / Cody Beckman	
Address 800 S Lynndale Dr	
City, State, ZIP Code Appleton, WI 54914	
Area Code - Telephone Number 920-380-3466 / 920-380-3422	Area Code - Telephone Number (Mobile) 715-281-0022 / 920-428-1038

10. List any other relevant information that may impact the ultimate goal of preventing construction delay due to uncertain scheduling of utility facility relocations.

N/A

11. Yes No

- | | | |
|--------------------------|-------------------------------------|--|
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | Do you have any facilities that are no longer in use but have been left in place in the project area? If "Yes", approximately where are the facilities located and what type and size of facility is involved? _____ |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | Does the line have any remaining product? |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | Does the line have any asbestos wrap or any other hazardous materials associated with it? |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | Does any part of the line conflict directly with the proposed highway project? If so, what arrangements have been made to remove those portions? This should be mentioned as part of your work plan in question number 1 on this form. |
| <input type="checkbox"/> | <input checked="" type="checkbox"/> | Is there any reason the highway contractor cannot remove portions of the line left in place? |

If you answer "Yes" to any of the questions above, please provide us with additional information. Attach additional pages if necessary.

It is imperative that the highway contractor contact We Energies before removing any gas facilities or electrical underground cables, to verify that they have been discontinued and carry no natural gas or electrical current. The contractor must not assume that unmarked facilities have been discontinued. At no time is it acceptable to push, pull, cut or drill an unmarked facility without explicit consent from We Energies. Contractor must call the We Energies 24 hour Dispatch lines to arrange for this verification.
