1. Describe your proposed relocation plan for the above project, as requested in the enclosed letter, using highway stationing whenever possible. Attach extra sheets if needed.

No electric conflicts anticipated.
2. Conflicting utility facilities will need to be relocated prior to construction. If this is not feasible, provide an explanation and an indication of what work will require coordination with the highway contractor during construction.

No electric relocations needed
3. Anticipated Start Date

N/A
4. Estimated construction time required (In working days)

N/A
5. List the approvals required and the expected time schedule to obtain those approvals.

N/A
6. Include a list of the real estate parcels that the Wisconsin Department of Transportation (DOT) must have acquired to enable your company to complete the necessary facility installations and relocations prior to construction.

N/A
7. Review the enclosed plans for the above project. Are your facilities correct as shown? If not, list the errors. In some cases, it may be easier to return a marked up copy of the plan. **It is very important that your facilities are shown correctly because all construction field personnel will use this information. Uncorrected location errors could create construction delays or damage to utility facilities.**

Yes, electric facilities are correct.
8. Is this work dependent on work by other utilities? If so, which other utilities, and what time schedule has been coordinated with them?

No
9. Please provide the name, address, and telephone number of the field contact person for this project, so that we may place this information on the highway plan
