## Other matters of interest and owner concerns:

There are 4 drain tiles then empty into the ditch from my property. It is my understanding that they will not be damaged by the project. Any damage that might occur will be repaired.

It is also my understanding that the hard surface trail will be constructed so that all runoff will drain to the ditch. In addition, the trail will not act as a dyke to prevent the natural movement of water from my property to the ditch.
