EXECUTIVE SUMMARY

Description of Proposed Work

Project 1146-75-73 is part of the STH 15 Majors Reconstruction project. This contract consists of grading, base, HMA pavement, concrete pavement, structures, culvert pipes, storm sewer, concrete curb and gutter, pavement marking, finishing, lighting and other work needed to complete the project. This portion of the STH 15 corridor will be constructed on alignment, so a detour and lane closures are expected for STH 15 and USH 45.

Type of Work -See [FDM 3-5-2](#) for definitions. Select all that apply.

| <input type="checkbox"/> Pavement Replacement | <input type="checkbox"/> Bridge Reconstruction | <input type="checkbox"/> Other (Please explain) |
| | <input type="checkbox"/> Bridge Expansion | |

Comments: The project consists of expanding STH 15 from 2-lanes to 4-lanes. This portion consists of 2.95 miles of grading, aggregate placement, concrete pavement, HMA pavement, signing, pavement marking, structures C-44-0121, C-44-0122 and C44-0123, culvert pipes, storm sewer, concrete curb and gutter, lighting and all incidentals of the expansion project.

Similar Projects or Proposals – List similar project/proposal IDs and how they were referenced

Click here to enter text.

What comparable projects were used? Seems like the WIS 23 expansion projects in Sheboygan/Fond du Lac Counties are comparable.

Similar projects are probably the best source for Lump Sum and some EACH items (with QTY of 1) that are based on project type, scope, size, etc. and don't translate well in BidX (Field Office, Construction Staking, Traffic Control (Project), etc.).

General Comments:

-Significant Items are defined as the top 20% of items, so you should be listing about 50 significant items (20% of appx 250 items total).
 -This project will need an update when pulled off shelf for current prices/trends at that time. (Estimate still needs to be updated every 6 months while on shelf.) Also, keep an eye on the upcoming WIS 23 bid letting information to further refine unit prices.
 -Overall project estimate seems low/aggressive. May want to retain some amount of "uncertainty" as this could be shelved for a number of years (changes in specifications, materials, etc.).

Try to include more project-specific reasons in the individual item justification if possible - things such as length, width, county, source/availability of materials, type of work, accessibility, etc. This shows (and documents) the engineering judgment beyond raw software data.

PROJECT CHARACTERISTICS

Schedule and Road User Costs

Let Date 11/14/2023
Anticipated Start Date 3/18/2024
Completion Date 11/1/2024
Working Days 121
Calendar Days 229
☐ Interim completion date(s)

- ☐ Lane rental
- ☐ Enhanced liquidated damages
- ☐ Interim liquidated damages
- ☐ Accelerated schedule
- ☐ Extraordinary forces expected
- ☐ Other (Please explain)

Comments: This project is expected to begin in early spring. The project will be broken into 2 stages, with stage 1 occurring on STH 15 under detour with local access maintained. Stage 2 will occur on USH 45 with a portion at the railroad crossing closed and under detour and a portion with lane closures.

Traffic Control

Primary Closure Type: Mainline Closure

Other Closures and Traffic Control Characteristics:

- ☒ Mainline Closure
- ☐ Shoulder or No Closure
- ☒ Continuous Lane Closure
- ☐ Daily/Nightly Lane Closure
- ☐ Moving Lane Closure
- ☐ Flagging Operation

- ☐ Complex/Unusual staging
- ☒ Detour required
- ☐ Night work expected
- ☐ Peak hour restrictions
- ☒ Limited work zone access

- ☐ Temp bike/pedestrian access
- ☐ Temp concrete barrier used
- ☐ Temp/Crossover roadways
- ☐ Temp structures
- ☐ Temp traffic control signals
- ☐ Other (Please Explain)

Number of stages: 2

Comments: The project will be broken into 2 stages, with stage 1 occurring on alignment and ending around mid-October. Stage 2 will occur under a full detour and lane closures until the project is finished

Construction Conflicts

- ☐ Aboveground utilities (existing to remain)
- ☐ Underground utilities (existing to remain)
- ☐ Utility work concurrent with construction
- ☐ Environmentally sensitive areas

- ☐ Hazardous materials
- ☒ Railroad coordination
- ☐ Archeological Monitor
- ☐ Other (Please explain)

Comments: All Utilities are to be moved 1 year prior to LET.

Competition of Contractors

Expected Competition

High (5 or more bidders)

Comments: This is a Majors project in NE Wisconsin. When this job is LET no other major grading jobs are expected in this area, with that we expect to have a competitive bidding.

Other Considerations

- ☐ Multiple mobilizations
- ☐ Multiple, dispersed work locations
- ☐ Urban or ☒ Rural
- ☐ Constrained work environment
- ☐ Adjacent projects

Will there need to be coordination with other STH 15 projects with concurrent construction?

- ☐ Remote location
- ☐ Haul distance
- ☒ Current bid item trends
- ☐ Material shortages
- ☐ Other (Please explain)

Comments: This job is on alignment in a rural setting. Access to the job site is not expected to be difficult. Majority of work is earthwork, culverts, concrete paving, HMA paving and storm sewer. This project will a large quantity of borrow associated with it, so we are expecting the prices for Embankment and Excavation Common will be competitive.

"have"

ITEM LEVEL DOCUMENTATION

Significant Items List – Top 20% of items out of total contract costs and lump sum items

- 415.0090 – Concrete Pavement 9-Inch.
- 205.0100 – Excavation Common.
- 312.0110 – Select Crushed Material.
- SPV.0035.01 – Roadway Embankment.
- 305.0120 – Base Aggregate Dense 1 ¼-Inch.
- 460.5224 – HMA Pavement 4 LT 58-28 S.
- 619.1000 – Mobilization.
- 205.0200 – Excavation Rock.
- 625.0500 – Salvaged Topsoil.
- 305.0110 – Base Aggregate Dense ¾-Inch.
- 628.2002 – Erosion Mat Class I Type A.
- 465.0120 – Asphaltic Surface Driveways and Field Entrances

Significant Items are determined by 20% of total items, not 80% of total cost. With about 250 items, you should be listing/justifying the top 50 items (only 12 listed here).

All Significant Items require a second source, so there will likely be additional BidX searches needed when this list is updated.

Non-Significant Item Summary – Summary of estimating methodology

Estimator was used for non-significant items that quantities fell between the 25th and 75th percentiles. Bidx.com was used if the quantities did not fall between these values.

ESTIMATING TOOL PARAMETERS

Estimator Parameters

Source Catalog	2019
Work type	General Construction
Highway Type	EP - Expressway, Principal Arterial
Urban/Rural type	Rural
Season	Winter November letting is actually defined as "Fall" in the Estimator instructions
County	Outagamie
Region	NE

Comments: [Click here to enter text.](#)

Bid Express and Other Tool Parameters

Tool(s) Used: Bid Express

County(s): Outagamie, Brown, Winnebago, Sheboygan, Calumet, Fond du Lac

Date Range: 3-year

Other Parameters: The typical quantity range was 50% to 150% of the plan quantity

2 years should be the maximum time for searching cost data - too much has changed to look any further back than that

Comments: The above parameters were the initial search parameters. Sometimes they had to be adjusted to get enough projects to populate. In that event, the search parameters used will be mentioned on the bid item.

A few items like concrete, asphalt and pavement marking should be using only current calendar year if possible.

Executive Summary

Project 1146-75-73 is part of the STH 15 Majors Reconstruction project. This contract consists of grading, base, HMA pavement, concrete pavement, structures C-44-121, C-44-122 and C-44-123, culvert pipes, storm sewer, concrete curb and gutter, pavement marking, finishing, lighting and other incidental work needed to complete the project. This project is expected to begin in early spring. The project will be broken into 2 stages, with stage 1 occurring on STH 15 under detour with local access maintained. Stage 2 will occur on USH 45 with a portion at the railroad crossing closed and under detour and a portion with lane closures. There are concrete plants and quarries located close to the project site, so we expect competitive bid pricing for base aggregate and concrete. All structure bid items were estimated by the Wisconsin Department of Transportation, Bureau of Structures (BOS). The explanation from BOS is located under the Estimator printout from BOS.

Estimator Parameters

Work Type: General Construction

Highway Type: Expressway, Principal Arterial

Season: ~~Winter~~ Fall

County: Outagamie

District: Northeast Region

Unit Price Documentation

Below is a summary of the items that needed further bid price justification. All prices in estimator were rounded to reflect actual bid prices. All bidx.com searches were based off of 3-years of searches unless otherwise noted.

- Items outside of confidence range of regression curve - The following Items had regression data in estimator, but the quantity range was outside of the 25th and the 75th percentiles. Prices for these items were obtained from Bidx.com, see Appendix B for the search criteria.
 - 201.0105 – Clearing. Project quantity is 192 STA. I did a statewide search for projects that had similar quantities. The average unit cost after removing outlier bids was \$312.59 which I rounded to \$315.
 - 201.0120 – Grubbing. Project quantity is 192 STA. I searched the surrounding counties. The average unit cost after removing outlier bids was \$17.61 which I rounded to \$20.

Wrong item, should be 201.0205 - Unit price should be about \$200-\$215/STA.

- 203.0100 – Removing Small Pipe Culverts. Project quantity is 44 each. I searched the surrounding counties for projects that used similar quantities and limited it to the low bidder. The average low price was \$150.61 which I rounded to \$150.
- 204.0150 – Removing Curb & Gutter. Project quantity is 2843 LF. I searched the surrounding counties for projects that used similar quantities. I took the average of proposal averages for the projects and removed one outlier. The average price was \$2.79 which I rounded to \$2.80.
- 204.0155 – Removing Concrete Sidewalk. Project quantity is 77 SY. I searched the surrounding counties for projects that used similar quantities. I took the average of proposal averages for the projects. The average price was \$13.36 which I rounded to \$13.40.
- 204.0170 – Removing Fence. Project quantity is ~~1393~~ LF. I did a statewide search for projects that had similar quantities. The average unit cost after removing outlier bids was \$2.55 which I rounded to \$2.60.

Why? Please describe.

Wrong qty per estimator (guardrail?) - price seems high.

Explanation doesn't correspond with what you did for common excav. Your search just for common excav shows \$8.31/CY but you say this is for common and embankment. Your range for common excav doesn't match the range for common excav on this project. What was the combined price for common and embankment on WIS 23? That might be a basis for your combined total on this project.

1 project is not enough to make a comparison. Look at my search with 13 comparable bids on 7 projects. \$7.50/CY looks okay but need a better search.

204.0195 – Removing Concrete Bases. Project quantity is 3 each. I did a statewide search for projects that had similar quantities. The average unit cost was \$296.20 which I rounded to \$300.

204.0210 – Removing Manholes. Project quantity is 1 each. I searched the surrounding counties for projects that used similar quantities. I took the average of proposal averages for the projects. The average price was \$455.66 which I rounded to \$460.

205.0100 – Excavation Common. Project quantity is 241,799 CY. I combined the Excavation Common and Roadway Embankment quantities in BidEx for Outagamie County and surrounding counties. With the project quantity range, one project met the parameters. The average price was \$8.31 which I rounded to \$8.50. I looked at project 1440-13-76 (STH 23) which had the Roadway Embankment item. The winning bid prices by combining the Excavation Common and Roadway Embankment was about 60% for Excavation Common and 40% for Roadway Embankment. I used \$5.10 per cubic yard for Excavation Common and \$3.40 per cubic yard for Roadway Embankment.

WIS 23 projects using combined price of \$8-\$9 depending on complexity/quantity. Keep an eye on future bid results from WIS 23 for better info.

May be low when compared to WIS 23 project quantities (\$10 combined?)

List as Similar Project

- 205.0200 – Excavation Rock. Project quantity is 45,581 CY. I did a statewide search for projects of similar quantity. There was one project with a similar quantity. I removed \$0.01 bids and one bid was \$7.50. I used \$7.50.

Seems low, projects with higher qty had higher price (\$8.50?)

- 305.0110 – Base Aggregate Dense $\frac{3}{4}$ -Inch. Project quantity is 11,775 Tons. I searched the surrounding counties for projects that used similar quantities and removed one outlier project. I took the average of proposal averages for the projects. The average price was \$16.36 which I rounded to \$13.50.

Do you mean \$16.50/TON?

305.0120 – Base Aggregate Dense 1 $\frac{1}{4}$ -Inch. Project quantity is 95,618 Tons. I searched the surrounding counties from projects that had similar quantities. I took the average of the two low bidders after removing the \$0.01 bid. The average price was \$8.09 which I rounded to \$8.10.

312.0110 – Select Crushed Material. Project quantity is 90,364 Tons. I did a statewide search for projects of similar quantity. I took the average of the bids after removing the outlier bids. The average price was \$10.49 which I rounded to \$10.50.

- 460.5223 – HMA Pavement 3 LT 58-28 S. Project quantity is 1300 Tons. I searched the surrounding counties for projects that used similar quantities and limited the search to the two low bidders. The average was \$72.70 which I rounded to \$73.

\$73 seems high, but \$63 might be too far on the low end.

460.5224 – HMA Pavement 4 LT 58-28 S. Project quantity is 9680 Tons. I searched the surrounding counties for projects that used similar quantities within a one-year time

Only 2 projects used and one was from 2016. This is outdated. Statewide search gave 10 projects over last 2 years with unit price of \$9.00/TON.

Your search only used 2 projects. I found 10 projects and avg price of \$10.57/TON. I suggest rounding up to \$10.75/TON.

You searched 3 years back which is outdated for asphalt. I restricted search to 2 years and still found 5 comparable projects with price rounded to \$63/TON.

I would suggest only using data from 2019 for asphalt items. It seems like most of your asphalt prices are on the low end of the average, if there is a project-related reason, please document here.

This explanation doesn't match what you actually did. Your search was statewide, your avg price was \$105/TON and you added \$20/TON because you couldn't find recent bids, and your unit price in the estimate is \$125/TON.

period and limited the search to the two low bidders. The average was \$61.55 which I rounded to \$62.

465.0120 – Asphaltic Driveways and Field Entrances. Project quantity is 1146 Tons. I searched the surrounding counties for projects that used similar quantities and limited the search to the two low bidders. The average was \$121.10 which I rounded to \$121.

Your BidX data appears to be skewed by a project with 5 bidders. I would expect \$43-\$45.

- 465.0315 – Asphaltic Flumes. Project quantity is 183 SY. I searched the surrounding counties from projects that had similar quantities. I took the average of the bids. The average price was \$37.62 which I rounded to \$38.
- 520.1018 – Apron Endwalls for Culvert Pipe 18-Inch. Project quantity is 20 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$303.55 which I rounded to \$305.
- 520.3318 – Culvert Pipe Class III-A 18-Inch. Project quantity is 642 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$50.30 which I rounded to \$50.
- 522.0418 – Culvert Pipe Reinforced Concrete Class IV 18-Inch. Project quantity is 656 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$39.96 which I rounded to \$40.
- 522.0424 – Culvert Pipe Reinforced Concrete Class IV 24-Inch. Project quantity is 102 LF. I searched the surrounding counties for projects that used similar quantities and removed one outlier project. The average unit cost was \$74.54 which I rounded to \$75.
- 522.0436 – Culvert Pipe Reinforced Concrete Class IV 36-Inch. Project quantity is 64 LF. I did a statewide search for projects that had similar quantities and removed one outlier bid. The average unit cost was \$135.03 which I rounded to \$135.
- 522.1012 – Apron Endwalls for Culvert Pipe Reinforced Concrete 12-Inch. Project quantity is 9 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$803.30 which I rounded to \$805.
- 522.1042 – Apron Endwalls for Culvert Pipe Reinforced Concrete 42-Inch. Project quantity is 2 Each. I searched the surrounding counties for projects that used similar quantities and removed a project with one outlier bid. The average unit cost of the proposal averages was \$1399.12 which I rounded to \$1400.
- 522.2629 – Apron Endwalls for Culvert Pipe Reinforced Concrete Horizontal Elliptical 29x45-Inch. Project quantity is 3 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$1696.12 which I rounded to \$1,700.
- 601.0553 – Concrete Curb & Gutter 4-Inch Sloped 36-Inch Type D. Project quantity is 565 LF. I searched the surrounding counties for projects that used similar quantities and removed a project with an outlier bid. The average unit cost of the proposal averages was \$29.64 which I rounded to \$30.
- 601.0557 – Concrete Curb & Gutter 6-Inch Sloped 36-Inch Type D. Project quantity is 1,844 LF. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$17.20 which I used.
- 606.0100 – Riprap Light. Project quantity is 731 CY. I did a statewide search for projects that had similar quantities and removed a project with outlier bids. The average unit cost of the proposal averages was \$42.17 which I rounded to \$42.
- 606.0200 – Riprap Medium. Project quantity is 1053 CY. I did a statewide search for projects that had similar quantities and removed three projects with outlier bids. I also limited the search to the low 2 bidders. The average unit cost of the proposal averages was \$54.75 which I rounded to \$55.

Your data from prior to Fall 2017 showed very low prices and skewed your unit price. Limiting the search to the last 2 years increases this price to \$57/LF.

- 608.0418 – Storm Sewer Pipe Reinforced Concrete Class IV 18-Inch. Project quantity is 2062 LF. I did a statewide search for projects that had similar quantities and limited the search to the low 2 bidders. The average unit cost was \$53.88 which I rounded to \$54.
- 611.0642 – Inlet Covers Type MS. Project quantity is 20 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$379.11 which I rounded to \$380.
- 611.3003 – Inlets 3-FT Diameter. Project quantity is 1 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$1324.48 which I rounded to \$1325.
- 620.0300 – Concrete Median Sloped Nose. Project quantity is 1070 SF. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$8.51 which I rounded to \$8.50.
- 624.0100 – Water. Project quantity is 1,503 MGAL. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$22.34 which I rounded to \$22.
- 625.0500 – Salvaged Topsoil. Project quantity is 298,326 SY. I searched the surrounding counties for projects that used similar quantities and removed two outlier bids. The average unit cost was \$0.71 which I rounded to \$0.70.
- 628.1504 – Silt Fence. Project quantity is 13,630 LF. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$1.95 which I rounded to \$2.00.
- 628.1905 – Mobilizations Erosion Control. Project quantity is 15 Each. I searched the surrounding counties for projects that used similar quantities. I also limited the search to the low 2 bidders. The average unit cost of the proposal averages was \$227.15 which I rounded to \$230.
- 628.5505 – Polyethylene Sheeting. Project quantity is 2192 SY. I did a statewide search for projects that had similar quantities. The average unit cost was \$2.91 which I rounded to \$2.90.
- 628.7504 – Temporary Ditch Checks. Project quantity is 2250 LF. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$7.24 which I rounded to \$7.20.
- 628.7515.S – Stone or Rock Ditch Checks. Project quantity is 495 CY. I did a statewide search for projects that had similar quantities. The average unit cost was \$48.66 which I rounded to \$49.
- 628.7555 – Culvert Pipe Checks. Project quantity is 225 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$16.36 which I rounded to \$16.40.
- 628.7570 – Rock Bags. Project quantity is 200 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$11 which I used.
- 629.0210 – Fertilizer Type B. Project quantity is 188 CWT. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$49.71 which I rounded to \$50.
- 630.0120 – Seeding Mixture No. 20. Project quantity is 7610 LB. I did a statewide search for projects that had similar quantities. The average unit cost was \$4.88 which I rounded to \$4.90.
- 630.0140 – Seeding Mixture No. 40. Project quantity is 445 LB. I searched the surrounding counties for projects that used similar quantities and limited the search to the low 2 bidders. The average unit cost was \$9.61 which I rounded to \$9.60.

You only used 2 projects and one was from 2016. I used statewide search and found a larger group of projects in last two years showing an average price of \$0.75/SY.

WIS 23 using \$.65-\$.75. Add more discussion about production rates, etc.

Seems low, more recent projects listed have higher value (avg \$65?).

- 630.0200 – Seeding Temporary. Project quantity is 1000 LB. I searched the surrounding counties for projects that used similar quantities and limited the search to the low 2 bidders. The average unit cost was \$2.30 which I used.
- 630.0300 – Seeding Borrow Pit. Project quantity is 200 LB. I searched the surrounding counties for projects that used similar quantities and limited the search to the low 2 bidders. I also removed three projects with outlier bids. The average unit cost was \$5.30 which I used.

2016 and 2017 data
skewing results (\$47?).

633.5200 – Markers Culvert End. Project quantity is 53 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$42.48 which I rounded to \$42.

- 637.2210 – Signs Type II Reflective H. Project quantity is 987.57 SF. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$16.13 which I rounded to \$16.10.

13,767

Text copied from
previous item, estimator
value of \$0.60 is ok.

643.0420 – Traffic Control Barricades Type III. Project quantity is ~~17,767~~ Days. I searched the surrounding counties for projects that used similar quantities. The average unit cost was ~~\$16.13 which I rounded to \$16.10.~~

- 643.0500 – Traffic Control Flexible Tubular Marker Posts. Project quantity is 10 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$26.33 which I rounded to \$26.
- 643.0600 – Traffic Control Flexible Tubular Marker Bases. Project quantity is 10 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$6.34 which I rounded to \$6.30.
- 643.0705 – Traffic Control Warning Lights Type A. Project quantity is 26,688 Days. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$0.14 which I rounded to \$0.15.
- 643.0900 – Traffic Control Signs. Project quantity is 44,139 Days. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$0.55 which I used.
- 645.0120 – Geotextile Type HR. Project quantity is 2106 SY. I did a statewide search for projects that had similar quantities and limited the search to the low 2 bidders. The average unit cost was \$2.95 which I rounded to \$3.
- 646.3020 – Marking Line Epoxy 8-Inch. Project quantity is 207 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$2.06 which I rounded to \$2.10.
- 646.3545 – Marking Line Grooved Wet Ref Contrast Epoxy 8-Inch. Project quantity is 9533 LF. I did a statewide search for projects that had similar quantities and I removed one outlier project. The average unit cost of the proposal averages was \$4.25 which I rounded to \$4.20.
- 646.5020 – Marking Arrow Epoxy. Project quantity is 30 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$229.53 which I rounded to \$230.
- 646.5120 – Marking Word Epoxy. Project quantity is 12 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$272.58 which I rounded to \$270.

2019 data suggests
average price over
\$10.00

646.7120 – Marking Diagonal Epoxy 12-Inch. Project quantity is 960 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$8.6 which I used.

- 646.8120 – Marking Curb Epoxy. Project quantity is 770 LF. I did a statewide search for projects that had similar quantities and limited the search to the low 2 bidders. The average unit cost was \$7.00 which I used.
- 646.8220 – Marking Island Nose Epoxy. Project quantity is 22 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$181.73 which I rounded to \$180.
- 649.0150 – Temporary Marking Line Removable Tape 4-Inch. Project quantity is 1365 LF. I did a statewide search for projects that had similar quantities and limited the search to the low 2 bidders. The average unit cost was \$0.99 which I rounded to \$1.
- 650.4500 – Construction Staking Subgrade. Project quantity is 30,812 LF. I did a statewide search for projects that had similar quantities and limited the search to the low 2 bidders. I also removed two outlier projects. The average unit cost of the proposal averages was \$0.01 which I used.
- 650.5000 – Construction Staking Base. Project quantity is 4,131 LF. I searched the surrounding counties for projects that used similar quantities. The average unit cost of the proposal averages was \$0.39 which I rounded to \$0.40.
- 650.5500 – Construction Staking Curb Gutter and Curb & Gutter. Project quantity is 5,762 LF. I searched the surrounding counties for projects that used similar quantities. The average unit cost of the proposal averages was \$0.69 which I rounded to \$0.70.
- 650.5500 – Construction Staking Concrete Pavement. Project quantity is 34,943 LF. I did a statewide search for projects that had similar quantities and limited the search to the low 2 bidders. The average unit cost of the proposal averages was \$0.83 which I rounded to \$0.80.
- 654.0101 – Concrete Bases Type 2. Project quantity is 1 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$808.34 which I rounded to \$810.
- 654.0105 – Concrete Bases Type 5. Project quantity is 2 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$669.44 which I rounded to \$670.
- 655.0610 – Electrical Wire Lighting 12 AWG. Project quantity is 1050 LF. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$0.55 which I rounded to \$0.60.
- 655.0615 – Electrical Wire Lighting 10 AWG. Project quantity is 830 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$0.79 which I rounded to \$0.80.
- 657.0255 – Transformer Bases Breakaway 11 ½-Inch Bolt Circle. Project quantity is 3 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$314.81 which I rounded to \$315.
- 657.0315 – Poles Type 4. Project quantity is 1 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$1231.11 which I rounded to \$1,230.
- 657.0322 – Poles Type 5-Aluminum. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$1097.49 which I rounded to \$1,100.
- 657.0710 – Luminaire Arms Truss Type 4 1_2-Inch Clamp 12-FT. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$315.53 which I rounded to \$320.

7000

Recent data
suggests average
price over \$750

- 659.1115 – Luminaires Utility LED A. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$354.15 which I rounded to \$350.

Your BidX data has one bid that is skewing higher, should be \$3-\$4.

690.0250 – Sawing Concrete. Project quantity is 11 LF. I searched the surrounding counties for projects that used similar quantities. The average unit cost was ~~\$1231.11~~ which I rounded to \$1,230.

does not match estimator sheet at \$7.30.

- Lump Sum Items

Finding and listing similar projects is a better source than a generic BidX search for most Lump Sum items.

- 650.8500 – Construction Staking Electrical Installations (01. 1146-75-73). I searched the surrounding counties. The average unit cost was \$1378.72. Because this project is below average in the amount of staking required (1 intersection), I used \$900.
- 650.9910 – Construction Staking Supplemental Control (01. 1146-75-73). I compared this item to another Major project in the region with large grading items, Project 1440-13-71. For their contract the winning bid was \$3,000, so I will use this in my estimate.
- 656.0200 – Electrical Service Meter Breaker Pedestal (01. USH 45 & STH 15/BUS 45 (\$44-0859)). I searched the surrounding counties. The average unit cost was \$1028.29 which I rounded to \$1,030.
- 658.5069 – Signal Mounting Hardware (01. USH 45 & STH 15/BUS 45 (\$44-0859)). I searched the surrounding counties. The average unit cost was \$2333.96 which I rounded to \$2,300.

- Items without bid regressions – The following items did not have a regression curve associated with the bid items. Estimated prices were based off of bidx.com and past projects of similar size and location.

- 204.0245 – Removing Storm Sewer (01. 12-Inch). Project quantity is 285 LF. I searched the surrounding counties for projects that used similar quantities. I removed any descriptions that did not pertain to 12-inch pipes or were outliers and took the average of the averages. The average price was \$19.36 which I rounded to \$19.50.

- 204.0245 – Removing Storm Sewer (01. 24-Inch). Project quantity is 344 LF. I searched the surrounding counties for projects that used similar quantities. I removed any descriptions that did not pertain to 24-inch pipes or were outliers and took the average of the averages. The average price was \$21.88 which I rounded to \$22.

Find similar project(s), not generic BidX search.

- 213.0100 – Finishing Roadway. Project quantity is 1 Each. I searched Outagamie County and removed projects with outlier bids. The average of the averages was \$4021.76 which I rounded to \$4050.

- 415.0090 – Concrete Pavement 9-Inch. Project quantity is 90,328 SY. I did a statewide search for projects that had similar quantities and took the average of the low bids of the three projects. The average was \$40.55 which I rounded to \$41.

9-inch will be used extensively on WIS 23. \$41 might be low, but is about what they are using. See what the bids (Jan/Mar) come in at and update if needed.

- 520.1036 – Apron Endwalls for Culvert Pipe 36-Inch. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$835.72 which I rounded to \$840.

68

- 520.3330 – Culvert Pipe Class III-A 30-Inch. Project quantity is 78 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$78.05 which I rounded to \$78.

- 520.3336 – Culvert Pipe Class III-A 36-Inch. Project quantity is 72 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$92.42 which I rounded to \$92.

You only used 3 projects and 1 of them was from 2016. I found 3 projects with 9" item within last two years and 6 projects within last 18 months that used the 8.5" item. Don't be afraid to check prices for similar item to build a better history for unit price. Unit price is okay but make sure you have enough data.

- 522.0412 – Culvert Pipe Reinforced Concrete Class IV 12-Inch. Project quantity is 114 LF. I did a statewide search for projects that had similar quantities and removed the outlier bids. The average unit cost was \$69.68 which I rounded to \$70.
- 522.1018 – Apron Endwalls for Culvert Pipe Reinforced Concrete 18-Inch. Project quantity is 48 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$757.87 which I rounded to \$760.
- 522.2329 – Culvert Pipe Reinforced Concrete Horizontal Elliptical Class HE-III 29x45-Inch. Project quantity is 12 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$167.95 which I rounded to \$168 and added \$12 due to the our project having a less quantity. I used \$180.
- 522.2338 – Culvert Pipe Reinforced Concrete Horizontal Elliptical Class HE-III 38x60-Inch. Project quantity is 42 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$280.21 which I rounded to \$280.
- 522.2348 – Culvert Pipe Reinforced Concrete Horizontal Elliptical Class HE-III 48x76-Inch. Project quantity is 182 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$353.48 which I rounded to \$355.
- 522.2638 – Apron Endwalls for Culvert Pipe Reinforced Concrete Horizontal Elliptical 38x60-Inch. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$2410.50 which I rounded to \$2,410.
- 522.2643 – Apron Endwalls for Culvert Pipe Reinforced Concrete Horizontal Elliptical 43x68-Inch. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$3810.86 which I rounded to \$3820.
- 522.2648 – Apron Endwalls for Culvert Pipe Reinforced Concrete Horizontal Elliptical 48x76-Inch. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$4958.33 which I rounded to \$5,000.
- 524.0636 – Apron Endwalls for Culvert Salvaged 36-Inch. Project quantity is 5 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$668.59 which I rounded to \$670.
- 611.0609-Inlet Covers Type B-A. Project quantity is 1 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$689.37 which I rounded to \$690.
- 611.0630-Inlet Covers Type HM-GJ. Project quantity is 4 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$635 which I rounded to \$640.
- ~~611.0636-Inlet Covers Type HM-S. Project quantity is 5 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$635 which I rounded to \$640.~~ Duplicate
- 611.0636 – Inlet Covers Type HM-S. Project quantity is 5 Each. I did a statewide search for projects that had similar quantities and limited the search to the low 2 bidders. The average unit cost was \$577.46 which I rounded to \$580.
- 611.2006 – Manholes 6-FT Diameter. Project quantity is 1 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$3633.88 which I rounded to \$3,635.
- 611.3901 – Inlets Median 1 Grate. Project quantity is 18 Each. I did a statewide search for projects that had similar quantities and limited the search to the low 2 bidders. The average unit cost was \$1631.39 which I rounded to \$1,630.

By restricting the BidX search to the low 2 bidders, the average unit price decreases to \$315/LF.

Recent data suggests average price over \$2,000

3902

2

611.3901 – Inlets Median 2 Grate. Project quantity is 18 Each. I searched the surrounding counties for projects that used similar quantities and limited the search to the low 2 bidders. The average unit cost was \$1755.40 which I rounded to \$1,760.

618.0100 – Maintenance and Repair of Haul Roads (01. 1146-75-73). Project quantity is 1 Each. Due to the amount of hauling that could occur on the project and potential for some damage to occur, I chose \$10,000.

619.1000 – Mobilization. Project quantity is 1 Each. The unit cost was based on trying to match the price close to other costs for mobilization being used for projects on STH 15. The unit cost used was \$520,000

628.2002 – Erosion Mat Class I Type A. Project quantity is 223,881 SY. I did a statewide search for projects that had similar quantities. The average unit cost was \$0.89 which I rounded to \$0.90.

628.2002 – Erosion Mat Class III Type C. Project quantity is 826 SY. I did a statewide search for projects that had similar quantities. The average unit cost was \$7.80 which I used.

628.6005 – Turbidity Barriers. Project quantity is 45 SY. I did a statewide search for projects that had similar quantities. The average unit cost was \$41.50 which I rounded to \$42.

642.5401 – Field Office Type D. Project quantity is 1 Each. I did a statewide search for projects. The average unit cost was \$13790.07 which I rounded to \$13,800.

643.5000 – Traffic Control. Project quantity is 1 Each. I did a statewide search for projects. The average unit cost was \$15284.35 which I rounded to \$16,000.

646.9010 – Marking Removal Line Water Blasting 4-Inch. Project quantity is 482 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$6.10 which I used.

646.9110 – Marking Removal Line Water Blasting 8-Inch. Project quantity is 166 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$5.29 which I rounded to \$5.30.

646.9210 – Marking Removal Line Water Blasting Wide. Project quantity is 24 LF. I did a statewide search for projects that had similar quantities. The average unit cost was \$10 which I used.

646.9310 – Marking Removal Special Marking Water Blasting. Project quantity is 6 Each. I did a statewide search for projects that had similar quantities and limited the search to the 2 low bidders. I also removed an outlier project. The average unit cost of the proposal averages was \$168.66 which I rounded to \$170.

650.9920 – Construction Staking Slope Stakes. Project quantity is 35,643 LF. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$0.51 which I rounded to \$0.50.

654.0217 – Concrete Control Cabinet Bases Type 9 Special. Project quantity is 1 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$1259.79 which I rounded to \$1,260.

654.0224 – Concrete Control Cabinet Bases Type L24. Project quantity is 1 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$1351.48 which I rounded to \$1,350.

655.0305 – Cable Type UF 2-12 AWG Grounded. Project quantity is 1670 LF. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$0.95 which I rounded to \$1.

Research into Major's projects suggests using a higher % than usual, WIS 23 using 5% to 8% (8.6% actual on Sheb grading).

Your methodology for mobilization should be to establish a mobilization % from other projects and then apply to your project. Based on expansion projects in this cost range, the mid value is 5% and I would suggest going a little above that, maybe 5.5-6%.

You only used 1 project and that was from 2016. By slightly expanding the search, I found 3 projects within the last 18 months. Unit price still looks to be okay but you need to get broader data base for comparison.

Find similar project(s), not generic BidX search.

Find similar project(s), not generic BidX search.

These two prices seem backwards based on size and quantity, re-evaluate?

Using a search for "height" I found that there is a significant price difference between the poles themselves (\$5,000-\$15,000) and the installation of the poles (\$1,200-\$1,500). Please update these items accordingly.

- 657.0100 – Pedestal Bases. Project quantity is 8 Each. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$170.06 which I rounded to \$170.
- 657.0351 – Poles Type 10-Over Height. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities for items that had "Over Height" in the name. Two lines used the item. The average unit cost of the averages was \$1166.80 which I rounded to \$1,200.
- 657.0361 – Poles Type 13-Over Height. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities for items that had "Over Height" in the name. Two lines used the item and I removed one outlier line. The average unit cost was \$1497.41 which I rounded to \$1,500.
- 657.0420 – Traffic Signal Standards Aluminum 13-FT. Project quantity is 5 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$426.64 which I rounded to \$430.
- 657.0520 – Monotube Arms 20-FT. Project quantity is 1 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$3549.60 which I rounded to \$3,550.
- 657.0530 – Monotube Arms 30-FT. Project quantity is 1 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$3248.05 which I rounded to \$3,250.
- 657.0555 – Monotube Arms 55-FT. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$10,880.45 which I rounded to \$10,880.
- 657.0812 – Luminaire Arms Steel 12-FT. Project quantity is 5 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$908.36 which I rounded to \$910.
- 658.0173 – Traffic Signal Face 3S 12-Inch. Project quantity is 21 Each. I did a statewide search for projects that had similar quantities. The average unit cost was \$491.97 which I rounded to \$500.
- SPV's
 - SPV.0060.01 – Reconnect Pipe Underdrain. Project quantity is 2 Each. I did a statewide search for projects that had similar quantities. There was one project with this item within the search parameters. The unit cost for the item was \$750 which I used.
 - SPV.0060.02 – Connect Storm Sewer Pipe to Existing Inlet. Project quantity is 1 Each. I did a statewide search for projects that had similar items. There were 2 lines that were connecting storm sewer pipe to manholes which would be like the item. The average unit cost for averages for the item was \$828.34 which I rounded to \$830.
 - SPV.0060.03 – Connect Storm Sewer Pipe to Existing Culvert. Project quantity is 1 Each. I did a statewide search for projects that had similar items. There were 2 lines that were connecting storm sewer pipe to manholes which would be like the item. The average unit cost for averages for the item was \$828.34 which I rounded to \$830.
 - SPV.0035.01 – Roadway Embankment. Project quantity is 244,855 CY. See explanation for Excavation Common.
 - SPV.0090.01 – CPRCHE Class HE-IV 43X68-Inch. Project quantity is 76 LF. I did a statewide search for projects that had similar items. There was one project with the

You need a better explanation under the excavation common item. Did you also look at projects with borrow and then apply conversion factor to reflect the embankment item?

item within the search parameters. The average unit cost for the item was \$310.42 which I rounded to \$320.

- SPV.0105.01 – Remove Traffic Signal (USH 45 & STH 15/BUS 15). Project quantity is 1 LS. I searched the surrounding counties for projects that used similar quantities. The average unit cost was \$2417.49 which I rounded to \$2400.

Your search results are in CY but your item is in TON. Please re-evaluate.

SPV.0195 – Shot Rock. Project quantity is 1260 Tons. I did a statewide search for projects that had similar quantities. The average unit cost was \$12.15 which I rounded to \$13.

- Significant Items. These are the items that when the sum of their prices are combined total 80% of the estimate price. The estimated roadway price for this project is \$12,556,989.85 so the sum of the significant items will be \$10,045,591.88 some of these items were already justified above.

The significant items are shown below:

Significant Items are defined as 20% of total number of items. The list should be about 50 items, all with more than one source. May want to list these first to reduce/eliminate duplication.

- 415.0090 – Concrete Pavement 9-Inch (\$3,703,448.00). See justification above.
- 205.0100 – Excavation Common (\$1,233,174.90). See justification above.
- 312.0110 – Select Crushed Material (\$948,822.00). See justification above.
- SPV.0035.01 – Roadway Embankment (\$832,507.00). See justification above.
- 305.0120 – Base Aggregate Dense 1 ¼-Inch (\$744,505.80). See justification above.
- 460.5224 – HMA Pavement 4 LT 58-28 S (\$600,160.00). See justification above.
- 619.1000 – Mobilization (\$520,000.00). See justification above.
- 205.0200 – Excavation Rock (\$341,857.50). See justification above.
- 625.0500 – Salvaged Topsoil (\$208,828.20). See justification above.
- 305.0110 – Base Aggregate Dense ¾-Inch (\$194,287.50). See justification above.
- 628.2002 – Erosion Mat Class I Type A (\$201,492.90). See justification above.
- 460.5224 – HMA Pavement 4 LT 58-28 S (\$600,160.00). See justification above.

- 465.0120 – Asphaltic Surface Driveways and Field Entrances (\$143,250.00). Project quantity is 1,146 Tons. I did a statewide search for projects that had similar quantities and limited the search to the 2 low bidders. The average unit cost was \$104.57 which I rounded to \$105 and then added \$20 because there were no bids in 2019. I used \$125 in the estimate.

You have a totally different explanation for this item within your earlier narrative. This explanation should be duplicated in the earlier narrative.

Backfill Structure Type B					
				\$17.00	
seems a little high based on BidX review, use \$17.00/TON					
0284	311.0115	150.00	CY	\$23.000	\$3,450.00
Breaker Run					
0285	504.0100	201.00	CY	\$502.300	\$100,962.30
Concrete Masonry Culverts					
				\$570.00	
I know BOS provided the estimate but this seems low based on BidX review; statewide search of last 2 years shows \$573/CY average; one BOS comment indicates the price is based on regression analysis and the other two categories says the avg price for last two years for 1000-1500 CY quantity is \$517/CY; our total quantity is 439 CY so why are they searching for a larger quantity? We need to question BOS.

Bid X searches for all items need to be limited to the low 2-3 bidders. You are inconsistent throughout your data. Some searches only use the low bidder, some use the low two bidders, and some use all bidders.

Also, you should restrict your search to the most recent two years. Any data from 2016 is outdated at this point.

Bid Tab Analysis Search

This search is inadequate for documentation. You only have 1 project in your search and the quantity range doesn't match your project for excavation common. You use \$5.10/CY as the price in your estimate even though this search shows \$8.31. Why isn't the WIS 23 expansion project included in your search if this project is part of the justification for your unit price?

You only use two projects for your search. I would suggest expanding to statewide search to expand the number of projects and limit to the two low bidders for each project.

2 years is the maximum search you should use for asphalt and it would be even better to restrict to the most recent year if you can find enough data.

<u>Line #</u>	<u>Item Number</u>	<u>Quantity</u>	<u>Units</u>	<u>Unit Price</u>	<u>Extension</u>
<u>Description</u>					
<u>Supplemental Description</u>					

Group 0090: C-44-121

1120	203.0200	1.00	LS	\$5,000.000	\$5,000.00
Removing Old Structure (station)					
bidx price for removing culverts avg'd ~\$5000					
1130	206.2000	1.00	LS	\$10,000.000	\$10,000.00
Excavation for Structures Culverts (structure)					
bidx price was approx \$10000-15000 for new boxes. 10k respectively.					
1140	210.2500	3,020.00	TON	\$21.500	\$64,930.00
Backfill Structure Type B					
Average price taken from BidX for last two years. Used prices for bid items 210.1500 and 210.2500 since there's limited data available.					
Outagamie data for 210.2500 high outlier (\$26.43), Oconto also had a high outlier (\$52.27), so used adjusted average.					
1150	311.0115	150.00	CY	\$23.000	\$3,450.00
Breaker Run					
Fell out of the bid regression, took average from BidX across the state in the last 2 years (limited data for surrounding counties).					
1160	504.0100	201.00	CY	\$502.300	\$100,962.30
Concrete Masonry Culverts					
Rounded regression price					
Why does this say rounded regression price and the comments for C-44-122 and C-44-123 says it is based on the last 2 years of data?					
1170	505.0400	33,160.00	LB	\$0.800	\$26,528.00
Bar Steel Reinforcement HS Structures					
Bid Express didn't have any data available for similar quantities in Outagamie county.					
The average for similar quantities state wide was approximately \$0.80.					
1180	505.0600	1,910.00	LB	\$1.150	\$2,196.50
Bar Steel Reinforcement HS Coated Structures					
Rounded regression price was used					
1200	516.0500	100.00	SY	\$24.000	\$2,400.00
Rubberized Membrane Waterproofing					
Average BidX price for statewide was taken for the last two years (limited data for surrounding counties).					
1210	606.0100	75.00	CY	\$56.220	\$4,216.50
Riprap Light					
Rounded regression price used					
1220	606.0300	55.00	CY	\$58.600	\$3,223.00
Riprap Heavy					
Rounded regression price used.					
1230	645.0105	465.00	SY	\$2.450	\$1,139.25
Geotextile Fabric Type C					
Out of regression, BidX price from state average for similar quantities.					
1240	645.0120	130.00	SY	\$3.000	\$390.00
Geotextile Type HR					
BidX, used prices across state for similar quantities (none for Outagamie county in the last 2 years).					
1250	SPV.0195	60.00	TON	\$60.000	\$3,600.00
Coarse Aggregate size no. 1 for aop box culvert					

Total for Group 0090:\$228,035.55

Group 0100: C-44-122

1260	203.0200	1.00	LS	\$5,000.000	\$5,000.00
Removing Old Structure (station)					
bidx price for removing culverts avg'd ~\$5000					
1270	206.2000	1.00	LS	\$10,000.000	\$10,000.00
Excavation for Structures Culverts (structure)					
bidx price was approx \$10000-15000 for new boxes. 10k respectively.

<u>Description</u>					
<u>Supplemental Description</u>					
1280	210.2500	1,724.00	TON	\$21.500	\$37,066.00
Backfill Structure Type B					
Used price for same quantity from 210.0100 to assemble cost data Total cost for 3208 cy = \$66045/6416 ton = \$10.3/ton					
1290	311.0115	106.00	CY	\$23.000	\$2,438.00
Breaker Run					
Fell out of the bid regression, looked at surrounding counties for the last 2 years. Prices were averaging around \$37 for much smaller quantities.					
Average for larger quantites around \$20.					
1310	504.0100	124.00	CY	\$502.300	\$62,285.20
Concrete Masonry Culverts					
bidx price last 2 years for 1000-1500 cy = \$517					
1320	505.0400	31,500.00	LB	\$0.800	\$25,200.00
Bar Steel Reinforcement HS Structures					
1330	505.0600	800.00	LB	\$1.150	\$920.00
Bar Steel Reinforcement HS Coated Structures					
1340	516.0500	23.00	SY	\$24.000	\$552.00
Rubberized Membrane Waterproofing					
1350	606.0300	18.00	CY	\$58.600	\$1,054.80
Riprap Heavy					
1360	606.0400	425.00	CY	\$60.000	\$25,500.00
Riprap Extra-Heavy					
BidX average price for similar quantities across the state.					
1370	645.0105	365.00	SY	\$2.450	\$894.25
Geotextile Fabric Type C					
1380	645.0120	485.00	SY	\$3.000	\$1,455.00
Geotextile Type HR					

Total for Group 0100:\$172,365.25

1390	203.0200	1.00	LS	\$5,000.000	\$5,000.00
Removing Old Structure (station)					
bidx price for removing culverts avg'd ~5000					
1400	206.2000	1.00	LS	\$10,000.000	\$10,000.00
Excavation for Structures Culverts (structure)					
bidx price was approx \$10000-15000 for new boxes. 10k respectively.					
1410	210.2500	1,696.00	TON	\$21.500	\$36,464.00
Backfill Structure Type B					
Used price for same quantity from 210.0100 to assemble cost data Total cost for 3208 sy = \$66045/6416 ton = \$10.3/ton					
1420	311.0115	200.00	CY	\$23.000	\$4,600.00
Breaker Run					
Fell out of the bid regression, looked at surrounding counties for the last 2 years. Prices were averaging around \$37 for much smaller quantities.					
Average for larger quantites around \$20.					

<u>Line #</u>	<u>Item Number</u>	<u>Quantity</u>	<u>Units</u>	<u>Unit Price</u>	<u>Extension</u>
<u>Description</u>					
<u>Supplemental Description</u>					
1430	504.0100	114.00	CY	\$502.300	\$57,262.20
Concrete Masonry Culverts					
bidx price last 2 years for 1000-1500 cy = \$517		Why is the search for 1000-1500 CY? The total CY on this project is 439 CY so the quantity range needs to be lowered.			
1440	505.0400	400.00	LB	\$0.800	\$320.00
Bar Steel Reinforcement HS Structures					
1450	505.0600	22,055.00	LB	\$1.150	\$25,363.25
Bar Steel Reinforcement HS Coated Structures					
1460	516.0500	27.00	SY	\$24.000	\$648.00
Rubberized Membrane Waterproofing					
1470	606.0300	33.00	CY	\$58.600	\$1,933.80
Riprap Heavy					
1475	606.0400	327.00	CY	\$60.000	\$19,620.00
Riprap Extra-Heavy					
bidx price for similar quantities last 2 years = \$ 47.8 used \$48					
1480	611.0642	2.00	EACH	\$370.000	\$740.00
Inlet Covers Type MS					
BidX prices from Manitowoc and Fond Du Lac county in the last two years, adjusted with regression price (on edge of 25%).					
1490	645.0105	405.00	SY	\$2.450	\$992.25
Geotextile Fabric Type C					
1500	645.0120	385.00	SY	\$3.000	\$1,155.00
Geotextile Type HR
