Town of Barronett, Washburn County

Dear Mr. Peterson:

As part of the Department of Transportation improvement projects, the Regional Office routinely manages access (driveways) onto the highway by issuing permits for existing driveways meeting all the statutory requirements.

In reviewing our records, we found that there is no record of a permit for your driveway to USH 63 from your property to the west of the roadway in the Town of Barronett. Your driveway does not meet our current spacing criteria of 1000 feet and it has been determined that the property has reasonable alternative access to County Trunk Highway J. We are planning to remove the existing driveway as part of the proposed reconstruction of USH63, currently scheduled for 2015.

Please sign both copies, return one to us and keep the other for your records. If you have any questions, please contact me at 715-635-5059.

Sincerely,

*Daniel M. Anderson*
