TRANS 220 PROJECT
PROPOSED HIGHWAY IMPROVEMENT NOTICE

RE: Design Project ID: 1560-31-00
Construction Project ID: 1560-31-71
Cumberland - Spooner Road
Woodyard Road To CTH B (East)
USH 63, Washburn County

The information in this letter is meant to satisfy the legal requirements of Wisconsin Statute 84.063 and Administrative Rule Trans 220. Enclosed are the following:

1. A map showing the general location of this project. This project is located in:
Sections 25, 35, 36 of Town 38 North, Range 13 West, Washburn County.
Sections 02, 10, 11, 15, 16 of Town 37 North, Range 13 West, Washburn County.
2. A copy of the *Concept Definition Report*, which provides information on the scope of the project.
3. A list of other utility facility owners and contact information. This list may be of benefit to you when coordinating with the other utility owners in the area.
4. Form DT1077, *Proposed Highway Improvement Notice*. **Note: You will need to complete the Notice Acknowledgement portion of the form within seven days of your receiving it and return it in the business reply envelope that is enclosed.** Please make sure that you select one of three options on this portion of the form.

As noted on the DT1077, Trans. 220 requires that you provide within 60 days a description of your facilities within the project limits. "Description" as used here generally means providing a copy of your system maps/facility records.

If these records and maps are stored electronically, we are capable of accepting copies of these facilities on a CD, on a disk, or via e-mail. The software your company uses will determine how we can accept your information. If you use a GIS-based system the information would need to be submitted on a CD or disk. AutoCAD or MicroStation files can be sent via e-mail to me at the email address listed below. If you have any questions about software compatibility or electronic file transfer, please contact me at the number listed below.

Recondition, mill and overlay. Add a passing lane between Woodyard Rd-CTH D. Reconstruct the passing lane between Woodyard Rd - W. Lake Dr. Reconstruct between Lake Dr.-CTH B to 3 lane highway. Improve intersections. widen shoulders, culvert replacement, curb & gutter, beam guard, road sign replacement, possible storm sewer work.

If you have facilities in the vicinity of this project, I'll be contacting you again with Form DT1078, *Project Plan Transmittal*, which will be accompanied by plans approved for use in designing your facility locations. Months, or even a few years, may elapse before these final plans are sent.

We expect that there will be new storm sewer constructed under this highway project. Therefore, we'll need to know the depth of your facilities, and whether there are any laterals, which could conflict with the locations during the design.
