Wisconsin Certification

Project Description (Check one)

- ☒ This is a Trans 220 project ☐ This is NOT a Trans 220 project

Utility Coordination Summary (Check one)

- ☐ The above table contains any known utility(s) within the construction project limits.
☒ Within the construction project limits, the project will not conflict with or impact every utility. Any utility(s) not in conflict or impacted by the project need not be listed in the table above.
☐ No known utility(s) within the construction project limits.

Utility(s) Clear for Letting (Check if applicable)

- ☒ We certify that all necessary coordination arrangements have been made in accordance with Wisconsin Statutes, Administrative Code, and applicable policies and procedures.

Federal Highway Administration Certification

Utility Coordination (Check if applicable)

- ☒ In accordance with the Code of Federal Regulations 23, Part 635, Subpart C – Physical Construction Authorization, we certify that arrangements for work affecting the subject contract have been completed as required for proper coordination with the physical construction schedules.

Accommodation of Utilities (Check if applicable)

- ☒ Upon completion of the construction project, we certify that all known utility facilities along, across or within the right-of-way of the construction project limits are authorized and such facilities are located in accordance with the Code of Federal Regulations 23, Part 645, Subpart B – Accommodation of Utilities, and such policies and practices as agreed to between the Department and the Federal Highway Administration.

Defer Wisconsin and/or Federal Highway Administration Certification

Utility(s) Not Clear for Letting (Exception request submitted. When utility(s) clear, resubmit USR.) (Check if applicable)

- ☐ Necessary coordination arrangements have not been made with utility(s). (See COMMENTS)
☐ UTL's or UA's not clear. (See STATUS OF UTL'S OR UA'S NOT CLEAR)
