Project Requested By or Purpose

The project is being requested by the Department of Transportation for the purpose of preventing the roadway and structures from deteriorating to unsafe levels.

Work Consists of

Asphaltic surface milling, HMA pavement, concrete overlays on bridge structures, beam guard, left turn lane additions, storm sewer and culvert pipe replacements, traffic signal updates, permanent signing, and pavement marking.

Consequences - If Not Approved

This project is needed to preserve the pavement and roadway for the future. Failure to construct will cause further deterioration of the roadway driving surface and bridge structures.
