In accordance with the Code of Federal Regulations 23, Part 635, Subpart C - Physical Construction Authorization, we certify that arrangements for the following work affecting the subject contract have been completed as required for proper coordination with the physical construction schedules:

- ☐ Railroad facilities
☒ No railroad facilities

Arrangements have been made for insurance protection and/or adjustment of railroad facilities and/or acquisition of railroad land interests as required by Code of Federal Regulations 23, Part 646, Subpart A – Railroad Highway Insurance Protection, Subpart B – Railroad Highway Projects, Part 710, Subpart B - State Highway Department Responsibilities and such policies and practices as agreed to between the Department and the Federal Highway Administration.

Comments:

No railroad facilities are located within, or will be impacted by, the proposed improvements. The closest railroad tracks parallel STH 32 and are located 800 feet to the west of STH 32.
