The following is a description of the changes made as part of 1078 Revision #2:

The project layout was altered in three locations:

- STA 296 to STA 302 LEFT, the WB bike lane was changed from being between the driving lanes and the right turn lanes to being outside of the right turn lanes. A bike refuge was also added in this area at STA 297+15 LEFT.
- STA 303 to STA 310 LEFT, the WB right turn lane was removed and replaced with a tapered right turn.
- STA 307 to STA 322 MEDIAN, the EB left turn lane at Galaxy Drive was removed. An additional left turn lane was added at Red Cloud Drive resulting in a dual left turn at this location.

Also, the storm sewer layout was revised along the West and East Frontage Roads and minimally along Ramp NW. Storm sewer pipe profiles have been added to the storm sewer plan sheets.
