Trans 220 Work Plan Approval

Mr. Steve Cramer  
Charter Communications  
1320 N. Martin Luther King Jr. Drive  
Milwaukee, WI 53212

**SUBJECT:** Zoo IC, Detention Pond  
At North Avenue Interchange  
Non Hwy  
Milwaukee County  
Project 1060-34-78  
Parcel: N/A  
Utility ID: N/A

Dear Mr. Cramer:

This letter is to advise you that we have received your proposed Work Plan for the subject project and have found it to be in conformance with Chapter TRANS 220 of the Wisconsin State Statutes.

The utility special provisions in the contract documents are based on your approved work plan. If you make any change to your proposed work plan, please contact me so I can revise the contract documents as necessary.

It is my understanding that no relocation of Charter Communications facilities is required for Project 1060-34-78. The anticipated let date for this contract is January 9, 2018. The anticipated start of construction is March 1, 2018.

If you have any questions, please call me.

Respectfully,

***Margaret Liedtke***

### Recommendation for Work Plan Approval

Zoo IC, Detention Pond  
At North Ave Interchange  
Non Hwy  
Milwaukee County  
Project 1060-34-78

Charter Communications  
Parcel: N/A  
Utility ID: N/A

Dear Ms. Liedtke,

Enclosed please find a copy of a utility worksheet for Charter Communications facilities for the above noted project.

I have reviewed the utility worksheet for conformity with the project plans and hereby recommend its approval. Please let me know if you have any questions.

Sincerely,

Kevin Cornell, PE, PLS  
Utility Coordinator, Forward 45

cc. Chris Zacharias, WisDOT

# UTILITY WORKSHEET

DT2236 6/2009 s.84.063 Wis. Stats.

Wisconsin Department of Transportation

Utility Company Name Charter Communications ID:123741	<b>PLEASE RETURN THIS WORKSHEET BY</b> February 19, 2017
Project Description – Include Project ID, Title, Limits, Highway, County Zoo IC, Detention Pond At North Avenue Interchange NON HWY Milwaukee County, Wisconsin Design Project ID 1060-33-16 Construction Project ID 1060-34-78	<b>RETURN TO</b> Mr. Kevin Cornnell, PE, PLS Forward 45, LLC 141 NW Barstow Street PO Box 798 Waukesha, WI 53187-0798

1. Describe your proposed relocation plan for the above project, as requested in the enclosed letter, using highway stationing whenever possible. Attach extra sheets if needed.  
Based on the plan set dated 12-9-2016 approved for utility relocation. Charter has no underground or aerial facilities within the project limits. No conflicts are anticipated.

2. Conflicting utility facilities will need to be relocated prior to construction. If this is not feasible, provide an explanation and an indication of what work will require coordination with the highway contractor during construction.  
This work plan covers all known existing facilities as of the workplan submittal date.  
Improvement project design changes not communicated to Charter within a reasonable amount of time may result in delays.

3. 

Anticipated Start Date NA
------------------------------
4. 

Estimated construction time required (In <b>working</b> days) NA
---

5. List the approvals required and the expected time schedule to obtain those approvals.  
NA

6. Include a list of the real estate parcels that the Wisconsin Department of Transportation (DOT) must have acquired to enable your company to complete the necessary facility installations and relocations prior to construction.  
NA

7. Review the enclosed plans for the above project. Are your facilities correct as shown? If not, list the errors. In some cases, it may be easier to return a marked up copy of the plan. **It is very important that your facilities are shown correctly because all construction field personnel will use this information. Uncorrected location errors could create construction delays or damage to utility facilities.**  
It appears that Charter facilities are shown correctly.

8. Is this work dependent on work by other utilities? If so, which other utilities, and what time schedule has been coordinated with them?  
NA

9. Please provide the name, address, telephone number and e-mail address of the field contact person for this project, so that we may place this information on the highway plan.

10. List any other relevant information that may impact the ultimate goal of preventing construction delay due to uncertain scheduling of utility facility relocations.  
NA

11. Yes No  
☐ ☒ Do you have any facilities that are no longer in use but have been left in place in the project area? If "Yes", approximately where are the facilities located and what type and size of facility is involved?

- ☐ ☒ Does the line have any remaining product?  
☐ ☒ Does the line have any asbestos wrap or any other hazardous materials associated with it?  
☐ ☒ Does any part of the line conflict directly with the proposed highway project? If so, what arrangements have been made to remove those portions? This should be mentioned as part of your work plan in question number 1 on this form.

- ☒ ☐ Is there any reason the highway contractor cannot remove portions of the line left in place? The highway contractor must contact Charter before removing or adjusting any coax or fiber optic facility to verify that the facility has been abandoned. The contractor must not assume that an unmarked facility has been abandoned

If you answered "Yes" to any of the questions above, please attach additional pages.
