TRANS 220 PROJECT
PROJECT PLAN TRANSMITTAL
Work Plan

<<ADDRESS BLOCK>>

RE: Project I.D. 2788-00-71
Waukesha Bypass
Summit Ave to Genesee Road
USH 18
Waukesha County

This letter is being sent to satisfy the legal requirements of Wisconsin Statute 84.063 and Administrative Rule TRANS 220:

- 1) Within 7 days of receipt of this letter, you'll need to sign and return the "Notice Acknowledgment" portion of the Project Plan Transmittal form.**
- 2) Within 120 days you'll need to submit a Work Plan to describe what relocations will be required by this project. A Utility Worksheet is enclosed to help you develop a complete Work Plan.**

Within the limits of this project, your company has facilities, some of which may be in conflict with this proposed project. Even though we're providing this list, the final responsibility for conflict identification lies with you.

Remember that in fill sections and in transitions between cuts and fills, it is common for cuts of 6" - 18" to occur when removing the existing pavement or topsoil before the fill is added. Further, pay particular attention to ditch cuts, storm sewer, culvert, end wall, and retaining wall and driveway construction. All of these seemingly minor operations can affect your facilities in major ways.

Enclosed are the following:

1. Project Plan Transmittal form (DT1078 – **MUST BE RETURNED WITHIN 7 DAYS**) and Project Plans that include a Right-of-Way Plat, Plan and Profile Sheets and cross sections.
2. Utility Worksheet (DT2236)
3. Project Location Map showing the general area of this project. This project is located in:
Sections 05,06,07,08,16 and 17 of Town 6 North, Range 19 East, Waukesha County
Sections 31 and 32 of Town 7 North, Range 19 East of Waukesha County.
4. Project synopsis that describes the work to be done and includes a list of environmentally sensitive areas.
5. A list of potential conflicts identified by the designer. The utility shall review the entire plan set to ensure additional conflicts do not exist.
6. A list of utility contacts is found within the general notes section of the attached plan. This list may help you coordinate your relocation work with the other utilities.
7. List of real estate commitments made to property owners that may affect your design. There may be additional commitments made later which will be forwarded to you.

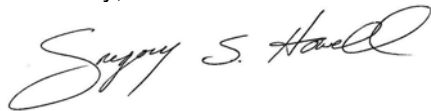

BLOOM COMPANIES, LLC

DEADLINES: As stated on Form DT1078, we will need your **Work Plan or the enclosed Utility Worksheet and sketches by August 08, 2016**. This project's design complete date is February 01, 2017 with a construction bid letting scheduled for August 08, 2017. The letting schedule may be advanced.

Please note that Electronic CAD files, via FTP site, are available upon request. Please send your request to the email listed below.

We appreciate your cooperation and assistance in our project development efforts. If you have any questions about this project, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Gregory S. Howell". The signature is fluid and cursive, with the first name "Gregory" being the most prominent part.
