TO ALL WISDOT BRIDGE INSPECTION TEAM LEADER CERTIFICATION CANDIDATES

Please use the services of an Ophthalmologist, Optometrist, Ophthalmic Technician, Medical Doctor, Registered Nurse, or Certified Physician's Assistant to administer your **required** eye examination. The examination results are good for 24 months from the date the examination was administered. Please send the original form completed by the eye examiner to WisDOT and **keep a copy for your files**. Every Bridge Inspection Team Leader must be re-examined at the end of the 24-month period and resubmit their examination results to WisDOT in order to remain certified as a Team Leader.

All candidates must pass an eye examination, **with or without** corrective lenses, to prove near vision acuity on Jaeger J2 at 12-17 inches. Eye examination results shall be submitted on forms furnished by WisDOT.

WisDOT will not accept a visual acuity record that does not comply with these requirements. Applicants may submit completed visual acuity records to the Statewide Structure Inspection Program Manager at 4802 Sheboygan Ave., Room 601, PO Box 7916, Madison, WI 53707-7916.

RE: Qualifications for Todd A. Demski, CWI

Dear Bridge Inspection Program Manager:

This letter is submitted as verification of the experience of Mr. Demski in the field of bridge inspection and allied areas. I have personal knowledge that Mr. Demski has a degree in structural engineering and 5.5 years of experience in bridge inspection and allied areas while working for Collins Engineers, Inc. and his previous employer as outlined below:

i. Mr. Demski has inspected a variety of bridges and highway structures. The majority of these bridges have been in-depth inspections (NDT, movable, or underwater). In addition to his inspection skills, he has served as Deputy Project Manager on a number of large (over 1,000 structures) inspection projects.

I have worked with Mr. Demski closely over the past four years at Collins Engineers, Inc. I have witnessed his skills in the field as well as his inspection knowledge during his involvement in the development of the WisDOT Structure Inspection Manual, the WisDOT Bridge Inspection Pocket Book, and the WisDOT Two-day Training Session. If you have any questions or concerns, please feel free to contact me at (414)-769-8925, ext. 2017.

Sincerely,

Michael J. Garlich, P.E., S.E.
Vice President, Collins Engineers, Inc.
