RE: Jon Wittrock Qualifications & Reference Letter

Dear Mr. Genson:

This letter is submitted as verification of the experience of Mr. Jon Wittrock in the field of bridge inspection and allied areas. I have personal knowledge that Mr. Jon Wittrock has five years of experience in bridge inspection and allied areas as outlined below:

Since joining Collins Engineers, Jon has been extensively involved in bridge, sign structure and structure inspections on a wide variety of projects. The majority (over 50%) of Jon's experience has been related to sign structure inspections in Wisconsin and elsewhere in the United States. Additionally he has performed routine, fracture critical and underwater diving inspections of numerous bridges both in Wisconsin and elsewhere. Jon has received training in Fracture Critical Bridge Inspections and is pending final certification as an NDT-Level II in Ultrasonic, Dye Penetrant, and Magnetic Particle Testing.

As the Regional Manager of the Wisconsin Office of Collins Engineers I have overall responsibility for his training and work at Collins. As a registered Team Leader and Program Manager for the WisDOT Bridge Inspection Program, I have a thorough understanding of the roles, responsibilities and experience required to be an effective bridge inspection team leader. With this in mind, I highly recommend Jon Wittrock as a team leader for the Wisconsin Bridge Inspection Program.

Two (2) copies of Mr. Wittrock's Qualifications Record for the Structure Inspection Program are attached for your review and consideration. If you have any questions or concerns, please feel free to contact me at (414)-282-6905.

Mr. Dave Genson

Subject: Structure Inspection Program
Inspector Qualifications

This letter is to inform you that your bridge inspection qualifications record has been reviewed and approved. Attached is a copy of the approved qualifications record.

As qualified to perform the duties of Bridge Inspection Team Leader, an inspector number has been assigned and your name has been added to our Highway Structure Information System. When updating inspection information to the HSIS for an inspection in which you were team leader, please select your name from the drop down list in the Inspector field. You can maneuver quickly down the list of inspectors by typing the first letter of your last name.

Please keep me informed of any address changes or updates to your inspector qualifications.

Thanks,

Dave Babler
